Dear President Obama,

The Alliance for Global Justice is writing in support of the petition for clemency for Leonard Peltier. Granting clemency for Mr. Peltier would put a well-earned feather in the cap of your legacy. Mr. Peltier has been imprisoned now for nearly his whole adult life. He is in ill health and deserves to breathe free air before he dies.

Many of the Latin American countries in which we work on human rights and other issues regularly release prisoners on humanitarian grounds for ill health. We would like the United States to be an example to the rest of the world and believe that an award of clemency for Leonard Peltier, who is known throughout the world, would send a powerful message.

We urge you to do the right thing and grant clemency to Mr. Peltier before you leave office.

Sincerely,

Chuck Kaufman
National Co-Coordinator
